Overall Comments

Excellent work! It is clear a great deal of work has gone into the assignment to polish it and improve it beyond the basic functionality. The warnings about invalid input are especially well thought out and very user friendly. The use of the menu was a nice touch and made everything very clean and tidy. Overall a fantastic assignment, well done.

Design

Section Result

4.00 / 5.00

Completed wireframe diagram showing screens, interface, and useful information.

Assessment Criteria

Result:

2.00 / 3.00

Completed wireframe diagram showing screens, interface, and useful information.

Marking Comments

Only thing would have liked to see would be a diagram showing the connections between the screens.

Wireframe looks professional (diagram is clean, uncluttered, and easy to read and understand).

Assessment Criteria

Result:

2.00 / 2.00

Wireframe looks professional (diagram is clean, uncluttered, and easy to read and understand).

Marking Comments

Project	Section Result	15.00 / 15.00
---------	----------------	---------------

User can move appropriately between the screens.

Assessment Criteria	Result:	5.00 / 5.00
User can move appropriately between the screens.		
Marking Comments		

Good programming practices have been followed with appropriate commenting 5.

Assessment Criteria	Result:	5.00 / 5.00
Good programming practices have been followed with appropriate commenting 5.		
Marking Comments		

Evidence of debugging shown and the app is functioning correctly without unexpected errors, poor design, or unintended behaviour.

Assessment Criteria	Result:	5.00 / 5.00
Evidence of debugging shown and the app is functioning correctly without unexpected errors, poor design, or unintended behaviour.		
Marking Comments		

Managing users and log-in process	Section Result	25.00 / 25.00
-----------------------------------	----------------	---------------

Appropriate user interface across all screens.

Assessment Criteria	Result:	5.00 / 5.00
Appropriate user interface across all screens.		
Marking Comments		

Adding users functions correctly as described (including validation of data entered).

Assessment Criteria	Result:	5.00 / 5.00
Adding users functions correctly as described (including validation of data entered).		
Marking Comments		

Removing users functions correctly as described.

Assessment Criteria	Result:	5.00 / 5.00
Removing users functions correctly as described.		
Marking Comments		

User and admin can successfully log in and move to the next screen.

Assessment Criteria	Result:	5.00 / 5.00
User and admin can successfully log in and move to the next screen.		
Marking Comments		

Login related screens demonstrate testing (evidenced by demonstrating quality and being free from bugs).

Assessment Criteria	Result:	5.00 / 5.00
Login related screens demonstrate testing (evidenced by demonstrating quality and being free from bugs).		
Marking Comments		

Inventory	Section Result	45.00 / 45.00
-----------	----------------	---------------

Appropriate user interface across all screens.

Assessment Criteria	Result:	5.00 / 5.00
Appropriate user interface across all screens.		
Marking Comments		

Functionality of the 'Add Test Items' option.

Assessment Criteria	Result:	5.00 / 5.00
Functionality of the 'Add Test Items' option.		
Marking Comments		

Functionality for adding and removing items to the database.

Assessment Criteria	Result:	10.00 / 10.00
Functionality for adding and removing items to the database.		
Marking Comments		

Inventory is correctly displayed after being read from the database.

Assessment Criteria	Result:	10.00 / 10.00
Inventory is correctly displayed after being read from the database.		
Marking Comments		

Functionality for the 'next' and 'previous' buttons when viewing inventory.

Assessment Criteria	Result:	10.00 / 10.00
Functionality for the 'next' and 'previous' buttons when viewing inventory.		
Marking Comments		

Inventory-related screens demonstrate testing (evidenced by demonstrating quality and being free from bugs).

Assessment Criteria	Result:	5.00 / 5.00
Inventory-related screens demonstrate testing (evidenced by demonstrating quality and being free from bugs).		
Marking Comments		

Report	Section Result	10.00 / 10.00
--------	----------------	---------------

Clearly answers given topics in a satisfactory manner.

Assessment Criteria	Result:	8.00 / 8.00
Clearly answers given topics in a satisfactory manner.		
Marking Comments		

Punctuation, spelling, and grammar.

Assessment Criteria	Result:	2.00 / 2.00
Punctuation, spelling, and grammar.
